

Problem of practice

Summarise the data you've gathered to inform your problem of practice.

- Your problem of practice may be informed by assessment data, surveys, observations, interviews, programmatic input or output data, and other data types.

Develop a problem of practice statement that is relevant to your professional practice.

- What do your learners need you to do now to make them better learners?

Use this checklist to evaluate your stated problem of practice.

- | | | |
|---|------------------------------|-----------------------------|
| Does it address something the learners urgently need you to do differently? | <input type="checkbox"/> yes | <input type="checkbox"/> no |
| Is the problem of practice data-informed? | <input type="checkbox"/> yes | <input type="checkbox"/> no |
| Does it address a strategic learner outcome or outcomes? | <input type="checkbox"/> yes | <input type="checkbox"/> no |
| Does it address a change in the interaction between you and the learners? | <input type="checkbox"/> yes | <input type="checkbox"/> no |

Other questions to consider

- What additional information do you need to better understand the problem?
- Who will you speak to learn more about the problem?
