

Transparent Teacher Practices

Block Party Quotes

1. Good instruction is viewed as an extremely sophisticated endeavor that requires ongoing practice to maintain high levels of proficiency.
2. There is a shared belief among staff that improvement is possible, and that instruction is a powerful tool that teachers must leverage to impact student success.
3. Instruction at every grade-level and in each content area is focused on proficiency/mastery of goals, and high standards of excellence for all students and teachers are established and clearly communicated (e.g. Success Criteria).
4. All staff engage in a growth-oriented culture of group and individual learning where expertise is highly valued, even over years of tenure. Professionals engage in the work as essential members of a larger system, serving as critical supports for the learning of colleagues and themselves.
5. All staff strive to implement evidence-based Instructional strategies, that have been prioritized by the teachers, with fidelity while increasing the quantity and quality of feedback that they give and receive.

Transparent Teacher Practices

Self-Assessment

In my school/network...	Always	Sometimes	Rarely
