Resources Digest

Technology

- [Google Classroom](#): Free Google app allowing educators to create classes, distribute assignments, send feedback, and see everything in one place
- [ZipGrade](#): iPhone and Android grading app for formative assessment and quizzes
- [Flipped Classroom](#): Inverts traditional teaching methods, delivering instruction online and outside of class and moving “homework” into the classroom
- [Khan Academy](#): practice exercises, instructional videos, and a personalized learning dashboard that empower learners to study at their own pace in and outside of the classroom

Content Area Reading

- [TED Talks](#): Making great ideas accessible to spark conversation
- [Newsela](#): Fresh, adaptive reads for every subject to increase reading engagement holistically for students, teachers and principals
- [Stanford History Education Group](#): The ‘Reading Like a Historian’ curriculum engages students in historical inquiry. Lessons revolve around a central historical question and feature a set of primary documents designed for groups of students with a range of reading skills.
- [AllSides](#): Helps students see issues and political news with news bias revealed. Non-partisan, crowd-sourced technology shows all sides so students can decide
- [Florida Standards](#): Language Arts Florida Standards

Classroom Management

- [PerformWell](#): Tardiness and school success
- [Remind](#): Communicate safely with students and parents
- [PBIS World](#): Behavior strategies and interventions
- [Classcraft](#): All-in-one education gamification platform
- [ClassDojo](#): Build classroom communities with parents and students

Differentiated Instruction and Interventions

- [Edmodo](#): Communication, collaboration and coaching platform
- [Vark Learning Style Quiz](#): A guide to learning styles; allowing a comparison of parents’ perception of their children and the students actual achievement
- [Performing in Education](#): Plan project-based learning
- [Carol Tomlinson](#): Differentiated classroom resources
- [Reading Plus](#): Develops all three domains of reading—physical, cognitive and emotion—by integrating them in one personalized reading program
- Opportunities:
 - Pre/Post assessment: A vocab sheet allowing students to self-evaluate vocab words
 - Rotational model: Stations are set up with different learning activities
 - Differentiated grouping: Students of similar instructional levels are placed together with level-appropriate materials
 - Differentiated projects: Students choose which project and type of instruction they think is best for them
 - Differentiated assessment: Use a variety of assessment types, incl. projects, exams, essays, and more
