

PROVIDE YOUR TEACHERS THE SEL SUPPORT THEY NEED

The Collaborative for Academic, Social, and Emotional Learning (CASEL) defines Social and emotional learning (SEL) as:

"[The] process through which children and adults acquire and effectively apply the knowledge, attitudes, and skills necessary to understand and manage emotions, set and achieve positive goals, feel and show empathy for others, establish and maintain positive relationships, and make responsible decisions."

Gale's professional learning collections on GVRL support schoolwide SEL initiatives, focusing on what really matters.

PROVIDING TEACHERS WITH SEL SUPPORT IN THE CLASSROOM

Teachers need access to resources on SEL that are easily integrated into professional development and also into the classroom. Gale partners with top PD publishers like ASCD, Corwin, Dave Burgess Consulting, Times 10 Publications, Solution Tree and more that provide teachers and administrators with tools that help build knowledge and skills around SEL development.

ENHANCE ACADEMICS & SUPPORT THE WHOLE CHILD

Academic achievement is closely connected to SEL. If students are supplied with SEL skills that can help them handle their emotions, set constructive goals, maintain positive relationships, and make responsible decisions, they will be better positioned to learn. PD content in GVRL provides opportunities for teachers to build and enhance their SEL practices.

NOT JUST FOR STUDENTS

While striving to support the emotional needs of students, teachers must also bear their own burdens. Educators deserve the opportunity to devote time and attention to their own self-care and wellness. When educators are personally invested in their own SEL, their efforts and the resulting benefits provide a model for students.
