## Find Someone Who...

---

Knows the leadership standards for their state.

---

Is evaluated by a tool that is connected to state leadership standards.

---

Is responsible for conducting professional development for school and district leaders.

---

Has led work in their district or school on equity.

---

Uses leadership standards to guide their daily work.

---

Can describe how they have worked to create a community of learners within their district or school.

---

Can describe ways that they are leaders of the learning process in their school or district.
