

# Teaching Comes First: Developing a Better Assessment Strategy

## System Assessment Reflection Worksheet

System Name:			
<b>Common Assessment Challenges</b>			
<b>Volume</b>	<b>Purpose</b>	<b>Quality</b>	Which challenge is present in your system? How do you know?
Too many assessments that are often redundant.	Assessments that may be used for other purposes than intended.	Assessments do not represent the bar for grade-level quality and rigor.	
Assessment Deep Dives	How does this strategy align to your challenge?	Who needs to be a part of this strategy?	When will you accomplish it?
Assessment Inventory			
Assessment Data Report Reviews			
Assessment Belief Survey (for admins, teachers, central office, etc.)			
Assessment Quality Review			

## Teaching Comes First: Developing a Better Assessment Strategy System Assessment Reflection Worksheet

Reflection (to be completed after strategies deployed)

- Where were challenges illuminated?
- What did we learn?

Setting Our Assessment Strategy

Assessments to Keep

Assessments to Cut

Assessments to Modify

Communication

What are the key messages you want to communicate about the changes?
