SMART CARD
THE FRAMEWORK CLUSTERS

FOCUS AREAS

1 Clarity & Accuracy
   • Learning Outcomes
   • Success Criteria & Activities
   • Presentation & Explanation

2 Learning Environment
   • Caring & Respect
   • Intellectual Challenge
   • Support & Persistence

3 Classroom Management
   • Routines & Procedures
   • Collective Responsibility
   • Physical Environment

4 Intellectual Engagement
   • Lesson Structure & Flow
   • Important Learning
   • Student Discourse

5 Successful Learning
   • Assessment
   • Feedback to Students
   • Analysis & Reflection

6 Professionalism
   • Continuous Professional Learning
   • Collaboration
   • Honesty & Integrity

## THE FRAMEWORK CLUSTERS

### CLUSTER 1: CLARITY & ACCURACY

**Learning Outcomes** are clear and ambitious, reflect important content knowledge, and contribute to the social, emotional, and intellectual development of students.

**Success Criteria & Activities** are clear, aligned to the outcomes, and used consistently to engage all students in the intellectual work of learning.

**Presentation & Explanation** of the content are rich and nuanced, bringing even difficult concepts to life for students.

- In what ways do the learning outcomes challenge students to think critically?
- In what ways are learning outcomes reflective of the standards of the discipline and appropriate to the students’ levels of knowledge and skill?
- What examples do you see of congruence between the activities and instructional outcomes?
- What might be some ways to adapt lessons to meet the needs of all students?
- How does teachers’ deep understanding of the content support intellectual work by students during lessons?

### CLUSTER 2: LEARNING ENVIRONMENT

**Caring & Respect** are consistently shown between teacher and students and among students.

**Intellectual Challenge** is evidenced by high expectations, high levels of cognitive energy, and risk taking.

**Support & Persistence** are demonstrated in the classroom environment; students persevere through challenges in their quest for mastery.

- In what ways do classroom interactions demonstrate genuine caring and a safe, respectful, supportive, and challenging learning environment?
- How do teachers convey high expectations for student learning and encourage hard work and perseverance?
- In what ways do teachers create classrooms that are safe for risk taking?
- How do students take ownership of their work and demonstrate a commitment to mastering challenging content?
- How do teachers establish environments that recognize and value students’ identities as well as their social, emotional, and intellectual needs?

### CLUSTER 3: CLASSROOM MANAGEMENT

**Routines & Procedures** create efficiency and clarity to support joyful, productive engagement in learning activities.

**Collective Responsibility** is shown by all members of the classroom community through monitoring of the standards of conduct, execution of procedures and routines, and productive contributions to learning.

**Physical Environment** is supportive of learning and appropriate for the social, emotional, and academic needs of all students.

- In what ways are classrooms well run and organized?
- How might classroom routines and procedures be cleared or carried out more efficiently to prevent loss of instructional time?
- How might students themselves take a more active role in setting the tone for maintaining those standards?
- How does the physical environment in classrooms support learning and engagement?

### CLUSTER 4: INTELLECTUAL ENGAGEMENT

**Lesson Structure & Flow** allow for and support intellectual engagement and productive struggle; students are given time to think, develop ideas, and reflect on their learning.

**Important Learning** occurs through well-designed activities, questions, and discussion; students view the content as worthwhile and interesting.

**Student Discourse** demonstrates higher-order thinking, reasoning skills, and the ability to engage thoughtfully and respectfully with others’ thinking and ideas.

- How do the structure and flow of lessons support the development of ideas and opportunities for students to engage in thoughtful discussion and reflection?
- In what ways do instructional activities and questions explored promote intellectual engagement and energy in classrooms?
- In what ways are students asked to explain their thinking, construct arguments, and question the thinking of others?
- How do teachers create the conditions for students to take responsibility for their own learning?
- How do activities invite students to grapple with challenging content and solve problems in their collaborative and individual work?

### CLUSTER 5: SUCCESSFUL LEARNING

**Assessment**, both of learning and for learning, occurs frequently and through a variety of means; it is aligned to outcomes and success criteria.

**Feedback to Students** is provided by the teacher, other students, and the activities and tasks themselves; it advances learning and informs necessary modifications and additional supports.

**Analysis & Reflection** are a consistent aspect of learning; the teacher and students themselves assume responsibility for student learning.

- In what ways do teachers ensure learning by all students?
- What are some ways teachers monitor student understanding through specifically designed questions or assessment strategies?
- What are some examples of students monitoring their own learning and providing constructive feedback to classmates?
- How can teachers make strategic modifications to their lessons or leverage other sources of support based on student learning and progress?
- When teachers reflect on a lesson or unit, what are some ways they demonstrate awareness of their success in promoting student engagement and learning?

### CLUSTER 6: PROFESSIONALISM

**Continuous Professional Learning** and improvement are valued and consistently demonstrated through an inquiry-based, growth-focused, and results-oriented approach to professional engagement.

**Collaboration** with colleagues occurs frequently, involves active engagement, and is characterized by commitment and trust.

**Honesty & Integrity** are consistently evident in the teacher’s work and in interactions with colleagues, families, community members, and students.

- How do teachers engage with the professional community (within the school and beyond) and demonstrate their commitment to ongoing professional learning?
- In what ways do teachers collaborate productively with one another?
- How can teachers be supported to contribute to the intellectual life of the school?
- What might be some ways the teacher engages in professional learning and takes a leadership role in the school to promote the welfare of students?
- How do teachers support a strong school culture and a climate of trust for staff, students, and families?
